

CAFE2U LAUNCH FIRST FRANCHISE IN THE REPUBLIC OF IRELAND

The world's leading mobile café franchise prepares to expand its operations in Ireland

Cafe2U franchisee David Hobbs with his Cafe2U van

David Hobbs will operate as the first Cafe2U franchisee in the Republic of Ireland. Visiting business parks and Industrial Estates in the South Dublin and Wicklow area, David will serve Cafe2U's unique blend of gourmet espresso coffee, hot food and snacks to delighted customers at these non-traditional locations.

David who previously worked as a chef was quickly taken with the idea of being a Cafe2U franchisee when he first saw the franchise advertised. He subsequently flew to Leeds to discuss the opportunities available in the South of Ireland and see the franchise in action at Cafe2U's head office.

The expansion into the Republic of Ireland is a great success for Cafe2U who already operate over 45 franchises across England, Scotland, Wales, Northern Ireland and the Channel Islands.

Cafe2U wish David every success with his new Cafe2U franchise and hope to add further franchises across the Republic of Ireland in the coming year.
