

Ian 2 good for his rivals

FILTERING THROUGH: Ian Stewart, of Cafe 2U, celebrates his national award

IAN Stewart's mobile coffee service in offices and factories in and around Harrogate is officially the best in the UK.

His daily visits in his Cafe2U van won the accolade at the Beverage Service Association (BSA) national awards in Coventry.

Ian said: "Of the hun-

dreds of nominations, it is fantastic to have been chosen as the overall number one.

"My customers all say my coffee is great, and I love it obviously, but when a national association say so, it's a great accolade," said Ian.

Nominations were judged on quality of service, the

range of products on the menu, value for money and other aspects, and Ian won against tough competition from all over the UK.

The award, along with a trip for two to Bourges in France, was presented by Darill Lang, of UK Monin, at a black-tie dinner attended by more than 100 invited guests.
